

PRESS NOTE

The Department of Textile Engineering of Giani Zail Singh Campus College of Engg. & Technology, Maharaja Ranjit Singh Punjab Technical University, Bathinda organised a 6-week Finishing School on “**Apparel and Fashion Technology**” from 2nd November to 8th December as a part of its endeavour to groom the final year B. Tech students for the apparel industries which has encouraging employability. Reputed and competent experts from various institutions and industries taught the students in classroom as well as conducted practical training in the lab. The students participated with enthusiasm to learn the various nuances of apparel designing, manufacturing, quality control, industrial engineering and merchandising.

Dr (Mrs) Yamini Jhanji and Dr (Prof) K N Chatterjee from Technological Institute of Textile and Science, Bhiwani, deliberated on the garment manufacturing process, material requirements and assessment of quality. Ms Garima Ahalwat from Government Polytechnic, Hissar, and Ms Ramandeep Kaur from NIIFT, Ludhiana, elucidated the aspects of apparel designing, pattern making and practically demonstrated the making of products which was practiced by the participating students. Er Gaurav Aggarwal from RIMT University, Mandi Govindgarh, explained the theories behind the industrial engineering in a large apparel manufacturing unit and consolidated the theories with simple games. Er Mayank Jain from Navapada Knitwears, Ludhiana, discussed the importance of the functions of marketing and merchandising and analysed their components with the help of case studies.

Professor Mohan Pal Singh Ishar, Vice Chancellor, MRSPTU, lauded the efforts of Professor Devanand Uttam, Head, Textile Engineering Department for organising the Finishing School and congratulated Prof Kalyan Roy and Professor Rajeev Varshney for coordinating the programme. Professor Jasbir Singh Hundal, Registrar, MRSPTU, opined that this program will help the final year students to be placed gainfully in industry. Professor Gursharan Singh, Campus Director, GZSCCET, expressed his gratitude to the organisers and participating students for this successful academic activity.
