

**6-week Finishing School on ‘Apparel & Fashion Technology’ organized by
Department of Textile Engineering at GianiZail Singh College of Engg. &
Tech., Bathinda**

The Department of Textile Engineering of GianiZail Singh Campus College of Engineering & Technology, a constituent college of MRSPTU, Bathinda, is organizing a 6-week Finishing School on ‘Apparel & Fashion Technology’ for the Final year B. Tech students which commenced from 2nd November, 2016. The objective of the programme is enhancing the employability of the students in garment and apparel manufacturing sector where the potential for employment is high due to favourable demands in market.

Professor Mohan Paul Singh Ishar, Hon’ble Vice Chancellor of Maharaja Ranjit Singh Punjab Technical University, Bathinda appreciated the efforts of Textile Engineering department for conducting such programme for the students.

The programme started with an inaugural session in which Professor Gursharan Singh, Campus Director, GZSCCET, Professor Jasbir Singh Hundal, Registrar, MRSPTU, Bathinda and Professor Buta Singh, Dean, MRSPTU, Bathinda emphasized the development of technical and soft skills for the students which will boost the employability and effectiveness of this Finishing School to fulfill this goal. Professor Devanand Uttam, Head of Textile Engineering Department, GZSCCET outlined the contents of the programme in which experts in the field is going to deliver lectures and conduct practical sessions on fashion forecasting, apparel designing, manufacturing, quality control and marketing. The first of the eminent experts who are involved is Dr (Ms) Yamini Jhanji from TITS, Bhiwani who elaborated on the various aspects of garment production with interactive phases with the participants. The students took immense interest in the learning process.

The programme was coordinated by Professor Rajeev Varshney and Er Kalyan Roy of Textile Engineering Department of GZSCCET.
