FROM
DOCTORAL FELLOWS & INDUSTRY
TO
PRIME MINISTER'S FELLOWSHIP SCHEME FOR DOCTORAL RESEARCH
A PPP Initiative of Science & Engineering Research Board (SERB) and Confederation of Indian Industry (CII)
IN THE AREAS OF
SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE**

CALL AT A GLANCE

The Scheme

The scheme is for supporting aspiring PhD scholars with double scholarship (up to Rs. 6 lakh per annum), 50% of which will be provided by government and balance 50% by a sponsoring industry, for doing research for four years and the research fellow will receive PhD degree by doing this industrial research.

Open-Ended Applications

A candidate can register on the portal of PM Fellowship if she/he has been enrolled / admitted for PhD in last 14 months from the date of submission of applications. This has been done to accommodate the various university / institute rules that vary from 6 months to 14 months' time period for final registration to PhD from the time of initial enrollment, which includes course work in institute for two semesters. The applicants must firm up their alliance with industry before applying.

Eligibility

- One doctoral fellow and one industry will apply jointly. The application has to be filled by the doctoral fellow
- Doctoral fellow should have enrolled / admitted for PhD in last 14 months from the date of submission of applications in any recognized Indian University / Institute / Research Laboratory
- Doctoral fellow should obtain 'No Objection' from his/her Institution before applying
- Doctoral fellow should have identified (before applying) an industry partner/co-applicant who should be ready to support the research project financially and also lend technical and intellectual support
- Areas of research should be in Science, Technology, Engineering, Agriculture or Medicine
- The topic of research should have practical relevance and industrial application
- The candidate and the proposed research topic should qualify on criteria of excellence and relevance and be of technical and scientific merit
- The selected doctoral fellow should be willing to work with / in industry as and when required by the industry partner during the project period
- The research duration should not be more than four years leading to award of PhD degree to the doctoral fellow

**CALL FOR JOINT APPLICATIONS
FROM
DOCTORAL FELLOWS & INDUSTRY
TO
PRIME MINISTER'S FELLOWSHIP SCHEME FOR DOCTORAL RESEARCH
A PPP Initiative of Science & Engineering Research Board (SERB) and Confederation of Indian Industry (CII)
IN THE AREAS OF
SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE**

Selection Process & Broad Criteria for Selection

- A high level Apex Council consisting of members from academia, industry and government will review the applications and select the candidates for award of PM Fellowship.
- The project should be innovative and of high scientific merit; with discrete R&D as opposed to exploratory investigation
- The proposed research should have a high potential to translate into a business opportunity and commercialization
- High credibility, capacity of doctoral fellow and the institution
- High degree of business interest, involvement and collaboration of industry

Funding Support

- Up to 100 research projects would be supported in a financial year.
- The Fellowship amount will be up to Rs. 6,00,000/- per annum maximum per candidate (as per current JRF/SRF slabs).
- 50% of this amount will come from SERB [being equivalent to the prevailing Government norms for JRF /SRF (inclusive of HRA)] of maximum Rs 3,00,000/- per annum and will be revised as per the JRF/SRF norms from time to time.
- Rest 50% (matching equivalent of SERB component) will come from the partner industry co-applicant.
- Duration of the Fellowships will be a maximum of four years leading with awarding of PhD degree
- If selected to receive the Prime Minister's Fellowship for Doctoral Research, the candidate will cease to receive any other scholarship / salary from any other organisation which he / she may be receiving at present

How to Apply

- Applications have to be submitted online
- For applying, log on to: www.primeministerfellowshipscheme.com

Important Dates

Last date of Online Submission of Application Form : **Within 14 months of registration / admission to PhD**

Announcement of Results: **Updates on website**

Signing of MOUs among selected PhD Fellows, Industry and Institutes: **By March of each year**

Release of Fellowship amount to Research scholar: **From April of each year on a monthly basis**

SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE**

1. BACKGROUND

India is far behind many countries including China in terms of number of PhDs passing out of Indian university system every year. This has many reasons. Indian industry's investment in Research & Development, barring a few sectors like pharmaceuticals and biotechnology, is very poor compared to global benchmark and they don't recruit PhDs in large scale. On the other hand, Government's doctoral fellowship amount is not attractive and talented students tend to accept jobs than pursuing PhDs.

Government of India and Confederation of Indian industry have been very concerned about this trend and explored an innovative model where talented students and industry will be attracted to join hands in a process where doctoral fellows will get double fellowship amount and the industry will initiate a research project.

The scheme invites applications from doctoral fellows who are enrolled in any recognised university and institutions in India in the current year and want to do industrial research, should find an industry sponsor with whom the doctoral fellow will decide the research topic. The sponsoring industry should agree to pay maximum Rs. 3 lakhs per year (+10% program management fee), for four years and be involved in the research project with the doctoral fellow and the institution.

The scheme is currently designed to support 100 such fellowships in a year.

It was envisaged that, this scheme would eventually impact on attracting large number of talented students pursuing PhDs and on changing industry's mindset in investing in R&D and recruiting more PhDs.

The Hon'ble Prime Minister announced this scheme in June, 2012 and on 8th November 2012, Hon'ble Minister for Science & Technology and Earth Sciences, Mr. S Jaipal Reddy launched the scheme.

The First Call for Application was announced in November, 2012 and within a month, more than 200 applications from doctoral fellows and industry were received. A high level Apex Council chaired by Dr. M K Bhan, Former Secretary of Department of Biotechnology, selected 28 Fellowships. The Hon'ble Prime Minister conferred the fellowships to 28 students at 100th Indian Science Congress on January 3, 2013 in Kolkata.

The second Call for Application is announced now to select maximum 100 Fellowship in this year of 2013-14.

2. ELIGIBILITY CRITERIA - WHO CAN APPLY

- 2.1. One doctoral fellow and one industry jointly should apply. Doctoral Fellow will be the Applicant and industry will be Co-Applicant
- 2.2. Doctoral fellow should have enrolled / admitted for PhD in last 14 months from the date of submission of applications in any recognized Indian University / Institute / Research Laboratory
- 2.3. Doctoral fellow should have excellent academic track record
- 2.4. Doctoral fellow should obtain 'No Objection' from his / her Institution before applying and will get a letter of commitment from the Head of the Institution
- 2.5. Doctoral fellow should have identified (before applying) an industry partner / co-applicant who should be ready to support the research project financially and also lend technical and intellectual support. Doctoral Fellow will get a Letter of Commitment from the industry partner before applying.
- 2.6. Institution and Industry should NOT have any relationship in terms of ownership and business affiliations and should not be under a single group.

3. BROAD APPLICATION PROCESS

3.1 Applicant : Doctoral Fellow

- 3.1.1 Get an in-principle approval from academic research guide and Head of the institution for applying for this Fellowship.
- 3.1.2 Develop preliminary proposal for research based on the self's qualification / strength / skills aiming for a particular sector of industrial applications, in consultation with academic research guide.
- 3.1.3 Engage with some industry to explore industry's interest on the research proposal.
- 3.1.4 Finalise the research proposal in consultation with industry and academic guide.

**CALL FOR JOINT APPLICATIONS
FROM
DOCTORAL FELLOWS & INDUSTRY
TO
PRIME MINISTER'S FELLOWSHIP SCHEME FOR DOCTORAL RESEARCH
A PPP Initiative of Science & Engineering Research Board (SERB) and Confederation of Indian Industry (CII)
IN THE AREAS OF
SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE**

- 3.1.5 Get a Letter of Commitment from Industry who will be ready to pay maximum Rs. 3 lakh per year (+10% program management fee), for four years and be involved in the research project with the doctoral fellow and the institution.
- 3.1.6 Get a letter of commitment from the Head of your institution that will be ready to allow you to work in the institute and in the premises of sponsoring industry, as and when needed and for joint (industry + institute) review of progress of research.
- 3.1.7 Apply online for the PM Fellowship (Application Form enclosed in Annexure 1).
- 3.1.8 Once selected, sign an agreement (Sample agreement enclosed in Annexure – 2) with sponsoring industry and your institution clearly defining the roles and responsibilities including sharing of Intellectual Property that may be generated as the outcome of the research.
- 3.1.9 Execute the research project as per the mutually agreed process and timelines.

3.2 Co-Applicant : Industry

- 3.2.1 Engage with doctoral fellows who will approach you, either directly or through CII, to explore partnership with the doctoral fellow in his / her research project of your interest.
- 3.2.2 In case, you already have a research assignment, you identify a capable doctoral fellow (from a recognised university / institution) who can conduct the research on your assignment during his / her PhD course.
- 3.2.3 Finalise the research proposal in consultation with doctoral Fellow and his / her academic guide.
- 3.2.4 Provide a Letter of Commitment to doctoral fellow to pay maximum Rs. 3 lakh per year (+10% program management fee), for four years and to be involved in the research project with the doctoral fellow and the institution.
- 3.2.5 Sign up application form jointly with doctoral fellow, online for the PM Fellowship (Application Form enclosed in Annexure 1)

- 3.2.6 Once selected, sign an agreement (Sample agreement enclosed in Annexure – 2) with doctoral fellow and his / her institution clearly defining the roles and responsibilities, including sharing of Intellectual Property that may be generated as the outcome of the research.
- 3.2.7 Execute the research project as per the mutually agreed process and timelines.

4. SUBJECT AREAS IN WHICH APPLICATIONS ARE INVITED

- 4.1. Applications with research proposals in the following broad areas are invited:
- 4.1.1. Science
 - 4.1.2. Technology
 - 4.1.3. Engineering
 - 4.1.4. Agriculture
 - 4.1.5. Medicine
- 4.2. The proposed research should qualify on criteria of excellence and relevance and be of technical and scientific merit.
- 4.3. The proposed research should have practical relevance and industrial application.

5. FELLOWSHIP

- 5.1. Up to 100 Fellowships would be provided each year and the Fellowship will be paid from financial year April-March.
- 5.2. The Fellowship amount will be up to Rs. 6,00,000/- per annum maximum per candidate. (Based on the current JRF/SRF slabs)
- 5.3. 50% of the fellowship will come from SERB [being equivalent to the prevailing Government norms for JRF /SRF (inclusive of HRA)] of maximum Rs 3,00,000/- per annum and will be revised as per the JRF/SRF norms from time to time.
- 5.4. Rest 50% (matching equivalent of SERB component) will come from the sponsoring industry co-applicant.

TO
PRIME MINISTER'S FELLOWSHIP SCHEME FOR DOCTORAL RESEARCH
A PPP Initiative of Science & Engineering Research Board (SERB) and Confederation of Indian Industry (CII)
IN THE AREAS OF
SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE**

- 5.5. The Government Component will be decided basis JRF & SRF slabs and no provision of Research Associate (RA) is available under the scheme
- 5.6. Duration of the Fellowships will be a maximum of four years leading to awarding of PhD degree
- 5.7. If selected to receive the Prime Minister's Fellowship for Doctoral Research, the candidate will cease to receive any other scholarship / salary from any other organisation which he / she may be receiving at present
- 5.8. If the partner company ceases to support a fellow during the committed 4 year time period, the PM Fellowship will stand cancelled and the government support will also be withdrawn from the time the industry support becomes unavailable.

6. SELECTION PROCESS

- 6.1. A high level Apex Council consisting of members from academia, industry and government will review the applications and select the candidates for award of PM Fellowships.
- 6.2. The broad criteria for selection of projects will be:
 - 6.2.1. The project should be innovative and of high scientific merit; with discrete R&D as opposed to exploratory investigation
 - 6.2.2. The proposed research should have a high potential to translate into a business opportunity and commercialization
 - 6.2.3. High credibility, capacity of doctoral fellow and the institution
 - 6.2.4. High degree of business interest, involvement and collaboration of industry

7. DURATION, REVIEW & TERMINATION OF FELLOWSHIP

- 7.1. The duration of the Fellowship under the Prime Minister's Fellowship Scheme for Doctoral Research will be a maximum of four years.
- 7.2. The Fellowship will automatically cease with the submission of the Fellow's thesis.
- 7.3. The Fellow will be required to submit a written progress report to the Apex Council before 30th November every academic year following the commencement of the Fellowship.
- 7.4. Based on the progress report submitted, there will be an annual review of the progress made by the candidate before the Apex Council or a committee nominated by the Apex Council.
- 7.5. Subsequent release of funds will be based on the satisfactory progress of the work done and letters of recommendation from research guide and industry mentor / guide.
- 7.6. The Fellowship will be liable to termination if the Fellow leaves his / her institution or is found to be not dedicating sufficient time or effort to the project.
- 7.7. The Fellowship will be liable to termination if the host institute recognises that for personal, professional or other reasons, the research scholar wishes to terminate his / her Fellowship prematurely.
- 7.8. The Fellowship will be liable to termination should the Fellow be unable for medical reasons to pursue his / her studies in accordance with the Terms and Conditions of the Fellowship.
- 7.9. Once accepted, the offer for implementing the Prime Minister's Fellowship at a particular University / Institute / Laboratory in the country will not be allowed to be transferred to any other University / Institute / Laboratory in the country, at any point, during the four-year tenure of the Fellowship.

8. INTELLECTUAL PROPERTY & OTHER RIGHTS

- 8.1. CII and SERB do not possess any rights on any research / products / findings resulting from the above mentioned project. All publications / patents by the Fellow, arising from the work under this Fellowship must contain an acknowledgement of support from SERB, CII and supporting company.
- 8.2. Any dispute arising out of this will be taken care of by the Apex Council.
- 8.3. If the dispute remains unresolved then final arbitration will rest with Secretary, DST.

9. HOW TO APPLY (Sample Application Form given as Annexure 1)

- 9.1. Applications will be accepted only in online mode through the web portal www.primeministerfellowshipscheme.com
- 9.2. All candidates are advised to register on this portal for the required matchmaking with industry. Applications will be accepted only through this web portal
- 9.3. The scheme is open-ended and the scholars can apply anytime during the year subject to the condition that the doctoral fellow should have enrolled / admitted for PhD in last 14 months from the date of submission of applications in any recognized Indian University / Institute / Research Laboratory
- 9.4. The evaluation and selection will take place up to two times a year, depending on the application volumes. Interim selection can be done as required if sufficient applications are received
- 9.5. The updates on selection will be available online
- 9.6. Frequently Asked Questions (FAQs) while filling the Application Form:

9.6.1. How will the Online Application work?

Candidates need to refer to Annexure I for a sample of the Application Form. All the required documents and details needed to be given should be collected before filling the online application.

**CALL FOR JOINT APPLICATIONS
FROM
DOCTORAL FELLOWS & INDUSTRY
TO
PRIME MINISTER'S FELLOWSHIP SCHEME FOR DOCTORAL RESEARCH
A PPP Initiative of Science & Engineering Research Board (SERB) and Confederation of Indian Industry (CII)
IN THE AREAS OF
SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE**

9.6.2. I had filled the application online but before I could click on the 'Submit' button, my net connection snapped and my application was lost. Will I need to fill it again?

While filling the application when you click on the 'Save' button, an html copy of your application with a unique ID will be saved as a web link on your hard disk at the specified path. You can fill this form offline and log on to the Internet only while uploading the filled application form. If the net connection breaks while uploading the application, then the candidate can try submitting the same link at some other time.

9.6.3. What is the timeline till which the application can be submitted? Will an additional hard copy, stamped / signed of the application required to be sent to CII?

The scheme is open-ended and the scholars can apply anytime during the year subject to the condition that the doctoral fellow should have enrolled / admitted for PhD in last 14 months from the date of submission of applications in any recognized Indian University / Institute / Research Laboratory

9.6.4. What are the requisite details an applicant needs to fill in?

Refer to Annexure I (Sample Application Form).

9.6.5. Can I apply if I do not have an industry partner? Will CII help in finding one?

Applications without industry partners will not be accepted by the online system. Candidates have to find industry partners on their own. CII is facilitating match-making between research scholars and industry through the portal www.primeministerfellowshipscheme.com. All those who want to search for industry partners are requested to register themselves on this portal. Registration on this portal, however, will not guarantee that the candidate will find an industry partner. The relevance of their project for industry and the extent to which the candidate is able to convey their capability to the industry will determine whether they will find industry partners or not. The interested companies can evaluate the profile and contact the applicants if they find the proposal relevant. If the company contacts CII, we will contact the applicant.

9.6.6. How can I find relevant industry partners?

Candidates should talk to their research guides at the institute and find out about the relevant companies in that field. They can do their own research in and around them to find out the right companies and approach them.

**CALL FOR JOINT APPLICATIONS
FROM
DOCTORAL FELLOWS & INDUSTRY
TO
PRIME MINISTER'S FELLOWSHIP SCHEME FOR DOCTORAL RESEARCH
A PPP Initiative of Science & Engineering Research Board (SERB) and Confederation of Indian Industry (CII)
IN THE AREAS OF
SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE**

Candidates should also keep themselves abreast with the latest technologies, trends and companies working in their field. They should try to interact with industry people in their field as frequently as possible to trigger idea thrashing about a particular project.

9.6.7. Can CII supply a list of relevant companies in my field?

No. CII cannot supply any list of companies. Candidates are required to do their own research in finding the names of relevant companies. They can visit CII website www.cii.in to look for any sectoral information they may require.

9.6.8. If an applicant submits the form, can it be submitted again?

Refer to point number 9.6.2. Candidates can review and re-review their forms any number of times before uploading them finally. Once uploaded, however, the form cannot be submitted again.

9.6.9. If I apply this year and am not able to get the scholarship this time, will I be allowed to apply next year?

Only the PhD candidates registered within the last 14 months will be allowed to apply.

9.6.10. Will applicants get automated response to submission? Will somebody call from CII to confirm the receipt of application?

Applicants will get an automatic response at the submission of applications. They will not receive any calls from CII.

10. APPLICATION GUIDELINES

Applications will only be accepted in online format through the web portal www.primeministerfellowshipscheme.com. Project Proposals will include both a technical component and a plan of how the same will be executed. The technical as well as the execution components should describe the innovation, outline the proposed technical approach and contain a research plan. The proposal will also provide a description of the institutions and the industry and other participants along with detailed resumes of key project personnel. Please refer to the following to get a better understanding of what will be covered in the application form:

10.1. The application process will be online.

IN THE AREAS OF
SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE**

- 10.2. Applications with project proposals minus an industry partner will not be considered for evaluation. Scholarships will be given only if there is an industry sponsor. There can be two ways to get an industry to sponsor:
- 10.2.1. The Fellow can approach a company and get it to sponsor him / her before applying.
- 10.2.2. The industry can reach out to a Fellow and propose to sponsor his / her research and get the PhD Fellow to apply for the scheme.
- 10.3. For each project there will also be an industry mentor for the PhD Fellow who will be the Co-supervisor / Co-guide.
- 10.4. No overheads will be given to the institute where the full-time PhD Fellow will be enrolled.
- 10.5. Before the start of the Fellowship, industry will be free to sign a Non-Disclosure-Agreement with the candidate and his / her institute, in view of the sharing of the company's data and/or other resources by the candidate.
- 10.6. Publication of Results: Successful candidates will be informed through emails. The list of final candidates will also be put up on the website of SERB and CII.
- 10.7. Administrative and Legal requirements to be addressed by the Institute Partner, Industry Partner and the Fellow under the Scheme while signing the Memorandum of Understanding:
- 10.7.1. Confederation of Indian Industry (CII) will be the implementing agency of the scheme. It will disburse the amount to the institute on a half yearly basis and the institute in turn will pay to the research Fellow.
- 10.7.2. The institute will disburse the scholarship to the candidate on a monthly basis.
- 10.7.3. The company supporting the research and SERB will deposit the scholarship amount of four years per candidate with Confederation of Indian Industry (CII) on yearly basis.

c) **< Industry name >**, a company headquartered at **< to be filled by the company >**, which has agreed to provide a financial grant and necessary technical guidance on the research topic of the candidate under the Prime Minister’s Fellowship Scheme for Doctoral Research starting 1st April 2015, hereinafter referred to as “Industry”.

and

d) **<Institute name >**, the institute where the said candidate is enrolled to pursue full-time PhD under the supervision of the guide assigned by the institute, hereinafter referred to as “Institute”.

4 Background of Scheme

Public-Private-Partnership (PPP) for human resource capacity building for industrial R&D has been recognized as one of the main deliverables by a Sub-Committee of Prime Minister’s Council on Trade & Industry. One of the recommendations that emerged from the private sector is to design, develop and implement a doctoral research scheme in PPP mode for enhancing trust level in academia, research outfits and industry.

SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE**

The Hon'ble Prime Minister, in his speech as General President of the Indian Science Congress Association, announced a special scheme for 100 Doctoral Research Fellowships every year during the Inception Ceremony in June, 2012 in Kolkata. Vide Prime Minister's Office ID No-3646245/2012-ES-II dated 2nd November 2012, the Prime Minister's Office approved the proposal of naming the SERB-CII Doctoral Fellowship Scheme as "**Prime Minister's Fellowship Scheme for Doctoral Research**".

On 8th November 2012, Hon'ble Minister for Science & Technology and Earth Sciences, Mr. S Jaipal Reddy, at AICTE-CII University-Industry Congress & 4th Global Higher Education Summit held in New Delhi, launched the "Prime Minister's Fellowship Scheme for Doctoral Research", being implemented jointly by Science & Engineering Research Board (SERB) and the Confederation of Indian Industry (CII). The scheme is run under PPP mode.

Nature of Support

50 per cent of the fellowship amount will come from SERB [being equivalent to the prevailing Government norms for JRF / SRF (inclusive of HRA)] of maximum Rs 3 lakh for the first year, starting 1st April 2014 and will be revised as per the JRF / SRF norms from time to time. Rest 50 per cent (matching the equivalent of SERB component) will come from the partner company. The maximum fellowship amount in the first year will be Rs 6 lakh.

5 Objective of MoU

The objective of this MoA is to determine the roles and responsibilities of the four parties under the above stated scheme.
