

## Summary of the event

Name of the Event : Careers in Chemistry

Date of the Event : 22/3/2018

### BRIEF REPORT OF THE EVENT

The Department of Chemistry organised an expert talk on career in chemistry to the PG students of 2k18 and 2k19 batch by Sonamdeep Sandhu of Guru Institute, Chandigarh. The expert approved the students with the important points regarding NET test conducted by UGC. This lecture was appreciated by students

## Summary of the event

Name of the Event : Hand on training for career in research laboratories  
 Date of the Event : 12.10.2018

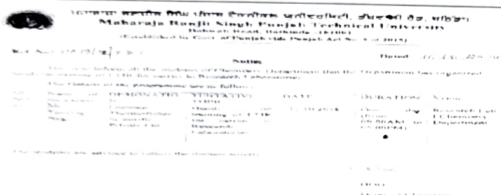

### BRIEF REPORT OF THE EVENT

Department of Chemistry organised one day workshop on hands on training for career in research laboratories on 12.10.2018. The expert for this workshop was Mr. Tanzing Negi, a Engineer in Thermoscientific Pvt: Ltd: Here the engineer brought a tabletop FTIR of Thermoscientific Pvt: Ltd: and gave training on sample preparation to the PG students of 2k17 and 2k18 batch. This workshop was very much beneficial for the students

## Summary of the event

Name of the Event : Short term training workshop on fluorescence spectrophotometer for better opportunities in industries

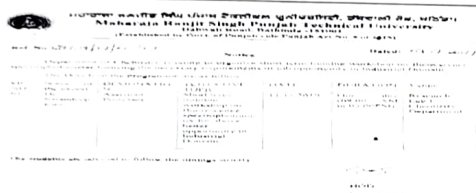

Date of the Event : 11/11/19

### BRIEF REPORT OF THE EVENT

In the short, term training workshop on fluorescence spectrometer for better opportunities in industry; post graduate students of 2k18 and 2k19 batch participants, students were given hand on training in the group of 4-5 students by Dr. Kirandeep Kaur, the internal expert for the workshop. The students learnt the working of instruments as well as theoretical principle of the instruments

## Summary of the event

1. Name of the Event : Two day workshop on instrument handling and sample preparation: FTIR, Fluorescence spectrophotometer and cyclic voltammeter for career in pharmaceutical industries.

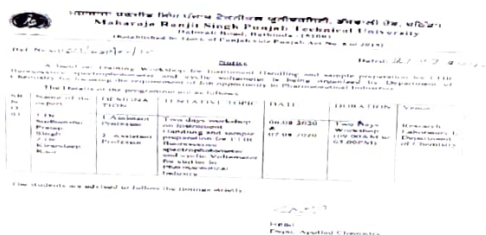

Date of the Event : 6/8/2020 -7/8/2020

### BRIEF REPORT OF THE EVENT

Two day workshop on instrument handling and sample preparation: FTIR, Fluorescence spectrophotometer and cyclic voltammeter for career in Pharmaceutical industries was organised by Department of Chemistry. This workshop was arranged for the post graduate students of the department. The participants were from 2k19 and 2k20 batch students. Students were given hand on training for FTIR, Fluorescence spectrophotometer and cyclic voltammeter. This training was very much beneficial for the students and enhanced instrument handling skills of the students.
