Subject: Proposal to start a new Non-AICTE course of B.Tech. (Mechatronics) at Maharaja Ranjit Singh Punjab Technical University, Bathinda with 30 seats from the session 2019-2020

Sir,

Mechatronics is a field of engineering that includes study with a combination of various engineering disciplines such as Mechanical, Electrical, Telecommunication, Control and Computer engineering. There is a wide variety of career openings in Mechatronics Engineering in India and abroad.

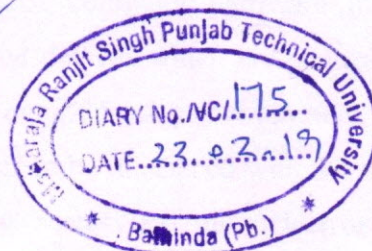

It is proposed to start a new Non-AICTE course of B.Tech. (Mechatronics) at Maharaja Ranjit Singh Punjab Technical University, Bathinda with 30 seats from the session 2019-2020. The detailed proposal is attached herewith.

It is requested to accord your approval to start this course.

Proposal to start a new non AICTE course of B.Tech.(Mechatronics) at Maharaja Ranjit Singh Punjab Technical University Bathinda with 30 seats from the session 2019-2020

Mechatronics is a field of engineering that includes study with a combination of various engineering disciplines such as mechanical, electrical, telecommunication, control and computer engineering. The aim of Mechatronics is to design and develop equipments and processes that unifies all the above disciplines of engineering.

SCOPE OF MECHATRONICS:

The course focuses primarily on developing novel products based on mechatronic principles and learn about electronic and mechanical systems, process control and instrumentation, and robotics and automated manufacturing systems. Mechatronics Engineer can find opportunities in electronics, automobile, manufacturing, gas and oil, mining, transport, defense, robotics, aerospace and aviation, FMCG, computer hardware industry. Many of today's consumer products incorporate mechanical devices which are controlled by microelectronic systems. The modern motor car includes an engine management system, anti-lock braking and ignition, all of which requires a microcomputer to be interfaced with the mechanical system. Modern industrial systems in the manufacturing sector use microelectronic devices extensively for control, measurement and information. There are ample opportunities in Government sector like the

Army, Navy and Air force, Defense Research and Development Organization (DRDO) and Indian Space Research Organization (ISRO) etc.

SCOPE FOR MECHATRONICS ENGINEERING:

Foreseeing the importance of Mechatronics engineering, many of the reputed institutions in India are already running the B.Tech. (Mechatronics engineering) since long as shown in table below:

B.Tech/ B.E in Mechatronics (Colleges or University)

S.No	Colleges or University	Number of Seats (B.Tech/B.E)	Mode of Admission
1.	IIT Madras	60	Entrance Test
2.	IIT Roorkee	30	Entrance Test
3.	IIT Guwahati	30	Entrance Test
4.	Delhi Technological University (DTU), New Delhi	60	Entrance Test
5.	National Institute of Technology (NIT), Warangal	30	Entrance Test
6.	Vellore Institute Of Technology (VIT) University, Vellore	60	Direct Admission
7.	National Institute of Technology (NIT Rourkela)	30	Entrance Test
8.	Narsee Monjee Institute of Mgmt Studies, Mumbai	30	Entrance Test
9.	Amity University, Noida	30	Direct Admission
10.	Manipal Institute Of Technology (MIT), Manipal	30	Direct Admission
11.	Lovely Professional University, Jalandhar	60	Direct Admission
12.	Banasthali Vidyapith University Jaipur	30	Direct Admission
13.	Thapar University Patiala	30	Entrance Test
14.	Chandigarh University	60	Direct Admission
15.	Chitkara University	30	Direct Admission

.....and many more

CAREER PROSPECTS

There is a wide variety of career openings in Mechatronics Engineering in India and abroad as it includes the ideas of electronic and mechanical engineering into single entity and covers those regions of engineering that are concerned with the expanding integration of electronic, mechanical and software engineering into a production process. It takes the principles of mechanics, electronics and computing a design a basic and more economical system.

After completing B.Tech. in Mechatronics, candidate may get job offers with decent salaries in I.T sectors or other reputed private firms. Candidates may get jobs offers in government sectors as well.

Mechatronics engineers are the expert technicians and professional engineers who design and maintain automated equipment. Technicians and engineers directed their work in offices, laboratories, or on-site at manufacturing plants. These experts work toward the same goal of producing efficient and safe automated equipment. While technicians generally maintain machinery, engineers are more concerned with the design and development of components and gadgets

DETAILS OF THE PROPOSED COURSE:

It is proposed to start a new non AICTE course of B.Tech. (Mechatronics) at Maharaja Ranjit Singh Punjab Technical University Bathinda with 30 seats from the session 2019-2020. The details are as follows:

Sr No	Description	Remaks

B.Tech / B.E. MECHATRONICS ENGINEERING

1. PROGRAMME EDUCATIONAL OBJECTIVES:

Bachelor of Mechatronics Engineering curriculum is designed to prepare the graduates having attitude and knowledge to:

1. Develop innovative and sustainable products with multidisciplinary Engineering expertise.
2. Solve complex engineering problems by applying mechanical, electrical and computer knowledge and engage in lifelong learning in their profession
3. Work or pursue higher education in multicultural, multilingual and multinational environment with competent oral and written communication.
4. Lead and contribute in a team entrusted with professional, social and ethical responsibilities.

2. PROGRAMME OUTCOMES:

1. Will be able to apply the laws of science and mathematics to provide engineering solutions to solve complex problems.
2. Will be able to identify and analyze complex problems by modeling with the help of literature survey and validate the solution with experiments.
3. Will be able to design and develop Mechatronics systems by selecting and integrating, sensors, appropriate materials, mechanics, thermal systems, manufacturing and automation methods.
4. Will be able to collect, condition monitor and interpret data to provide engineering solutions.
5. Will be able to create applications, products as well as modernizing the existing systems by using latest tools and technologies.
6. Will be able to develop solutions for local and global requirements by applying engineering knowledge and professional ethics.
7. Will have professional values on environmental and energy consumption for sustainability.
8. Will be able to become a leader and contribute in a team with entrepreneurial qualities.
9. Will be able to interact effectively in both oral and written format.
10. Will continuously update their knowledge and skills to meet the ever changing global needs.

8. Prof. Karanvir Singh, Head Department of Applied Mathematics, MRSPTU, Bathinda
9. Prof. Ripudaman Singh, Head Department of School of Architecture, MRSPTU, Bathinda
10. Deputy Registrar (A&R), MRSPTU, Bathinda
11. Mr. Subhash Bansal, Finance Officer, MRSPTU, Bathinda

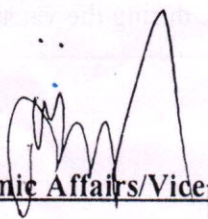

The following points were discussed and decisions taken:

Sr. No.	Item	Decision taken
1.	To shift the student of MBA from PIT Nandgarh. It was pointed out by the Head Deptt. of University Business School, MRSPTU, Bathinda that only one student of MBA course is studying in the PIT-Nandgarh. Keeping in view the fact that as the admissions are very low in the University Business School, therefore the same course may not be offered by the University in the nearby institute. It was also noticed that the fee structure of the PIT Nandgarh is different (less) than University Business School, MRSPTU, Bathinda.	It was decided that as the distance of the PIT Nandgarh and University Business School, MRSPTU, Bathinda is same from the home town/village/residence of student. Therefore, the single student of MBA be shifted to University Business School, MRSPTU, Bathinda and the fee structure applicable at PIT Nandgarh shall be charged from the student.
2.	To seek the report of effort/action taken by various departments to promote the admissions in their respective departments. The matter regarding efforts made by each department to promote the admission was discussed.	It was decided that each department will send the report of efforts made/action taken by their respective department to promote the admissions for session 2019-20 to the office of Dean Academic Affairs.
3.	To grant the permission to faculty members to attend the short term training programme / workshop / FDP etc. The matter was discussed at large.	It was decided that the faculty member will be allowed to attend any Short Term Training Programme / Workshop / FDP etc. during the vacation & test week only.

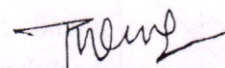

Thane

		<p>The Head of the Deptt. will examine the application and recommend the case in view of following;</p> <ol style="list-style-type: none"> 1. The HOD shall make sure that the Short Term Training Programme / Workshop / FDP / etc. is organized by an academic or research institute / recognized association / recognized organization / recognized society / professional bodies of national or international level. 2. The Short Term Training Programme / Workshop / FDP / etc. is related to subject domain / own discipline / research area of the faculty member. 3. HOD must ensure the training / program is essentially required for upgrading the subject knowledge / technique that is part of teaching curriculum or specialised training to enhance functional knowledge of the upgraded equipment facility.
4.	Regarding start of new courses from session 2019-20. It was discussed that the deptt of University/Main campus/constitute colleges may be asked if they want to start new course, send their detail proposal to Dean Academic.	It was decided that an email/letter be sent to University/Main Campus/constitute colleges by the office of Dean Academic Affairs to send the detailed proposal.
5.	University fellowship to each department per year to promote the quality research.	It was decided that one University fellowship will be given/allocated to each department per year. A separate committee will be constituted to decide the general terms & conditions, modalities, contingency grant and stipend etc. for awarding fellowship.
6.	Requirement of computers.	It was decided that purchase section of the University will compile the list of computers provided in all department and will identify the surplus computers (if any) from the departments and shift to those departments where it is needed. Thereafter, the requirement will be individually or jointly raised by the different departments to set up the computer lab.

may be approved.

1.0 ELIGIBILITY

The candidates eligible as per Maharaja Ranjit Singh Punjab Technical University (MRSPTU), Bathinda Ph.D Regulations as amended from time to time shall only be considered for award of University Research Fellowship under this scheme.

2.0 ADMISSION

2.1 Ph.D Entrance Test (PET): The candidates aspiring to avail the advantage of University Research Fellowship Scheme shall be required to appear in a written Ph.D Entrance Test (PET) to be conducted by University as detailed in MRSPTU, Bathinda Ph.D Regulations. Merit list shall be prepared out of 100 marks (Weightage: PET: 80; Interview: 20 marks).

2.2 Exemption from PET: The candidates who meet test exemption conditions of MRSPTU, Bathinda Ph.D Regulations shall also be eligible for University Research Fellowship Scheme.

- (i) Merit list for University Research Fellowship Scheme of such candidates exempted from PET as per clause 2.2 (i) and (ii) of MRSPTU, Bathinda Ph.D Regulations shall be prepared out of 100 marks (Weightage: UG score: 20; PG score: 40; Teaching/Research Experience: 10 @2 per year; SCI Journal publications: 10 @5 per publication as author/co-author and interview: 20 marks).

NOTE: Candidates exempted from PET as per MRSPTU, Bathinda Ph.D Regulations shall be given preference over other categories of candidates for availing benefit of University Research Fellowship Scheme.

2.3 The age limit is 35 years as on 1st July of the year of award, extendable by five years for women and SC/ST candidates.

2.4 The reservation policy for award of fellowship to the SC/ST candidates who fulfil the requisite qualifications laid down for the award shall be applicable as per Punjab

Government rules. In case of non-availability of SC/ST candidates, these slots will be made available to General candidates immediately.

3.0 SELECTION PROCEDURE

Applications would be invited in the prescribed format (**Annexure-I**) **once in a year** through advertisement in leading newspapers for the award of Research Fellowship in the fields of Engineering and Technology/Sciences/Pharmacy/ Computational Sciences/Food Technology and Management for pursuing research on Full Time basis leading to Ph.D. The **short listed** candidates will be called to appear before the selection committee constituted by Vice Chancellor of the University.

The constitution of selection committee is as under.

- | | | |
|----|--|---------------|
| 1. | Dean (R&D), MRSPTU, Bathinda | (Chairperson) |
| 2. | Dean of Faculty (concerned) | (Member) |
| 3. | Head of the concerned department | (Member) |
| 4. | One professor as per seniority from the concerned deptt. | (Member) |
| 5. | Nominee of the Vice Chancellor | (Member) |

NOTE: Quorum will be of minimum three members including chairperson.

3.1 Selection will be made on the basis of merit, and candidates will be interviewed by a selection committee appointed by the Vice Chancellor of the University. No TA/DA will be paid to the candidates for attending the interview.

3.2 In the order of merit, candidate will be given choice to select his/her supervisor on the basis of area of interest. The supervisor once allotted University Research Fellow will be awarded next University Research Fellow only after award of University Research Fellow to all interested/supervisors.

It is highly desired that the candidate getting University Research Fellowship and his supervisor will apply for various search grant scheme(s) of various funding agencies from time to time on priority basis. In case, if University Research Fellow is awarded JRF/SRF/any other fellowship from any external grant agency, he/she will surrender University Research Fellowship. The vacant position of University Research Fellow will be then given to respective department for joining of fresh University fellowship per norms.

3.3 The selected candidates shall be issued appointment letters by the University. The Joining Report of the candidate duly signed by the Supervisor and Head of department is to be sent to the Registrar of the University, through Dean (Research & Development) of the University. Subject:- Regarding Validity/Genuineness of Certificates issued by CISCE.

It has been noticed that certain news items have been published in media as well as with reference to MHRD letter in response to RTI application dated 07.01.2016 regarding the grant of recognition/validity/genuineness of the Council for Indian School Certificate Examination(CISCE). It has created much confusion about the status of this Council.

Therefore you are requested to clarify that whether qualifications/certificates awarded by CISCE are valid/recognized for purpose of admission to higher studies/employment in the Universities/State Govt./Central Govt of the India.

Subject: Verification of genuineness of Board

Sir,

Please refer to your letter No. DAA/MRSPTU/2018/2258/3517 dated 16/11/2018 regarding verification of genuineness of the **Council for the Indian School Certificate Examination (CISCE/ ICSE)**.

2. In this regard, it is mentioned that CISCE is a registered Society since 1967 under the Societies Registration Act. It was established with a view to administer the University of Cambridge, Local Examinations Syndicate's Examination in India. For more details, you may kindly visit <http://www.cisce.org>. It is pertinent to mention here that the name of CISCE/ ICSE appears in Chapter-I of the Delhi School Education Act, 1973 (Act No. 18 of 1973) as an "examination conducting" body.

3. A few names of its Alumini may be mentioned, in this regard for your kind information, viz. Mr. Dilip Sinha, former Ambassador and Permanent Representative of India to the United Nations and currently Chairman, Manipur Public Service Commission; Justice Altamas Kabir, former Chief Justice of India; Mr. Shankar Roychowdhury, PVSM, former Chief of Army of Staff and former Member of Parliament; Mrs. Kiran Bedi, the first woman IPS Officer and currently Lt. Governor of Puducherry. The certificates issued by CISCE/ ICSE are recognized by member-boards of COBSE including CBSE. Last but not the least, the name of CISCE/ ICSE also appears in the List of Recognized Boards of IGNOU (Indira Gandhi National Open University).

3. In view of the circumstances explained above, the confusion expressed by you about the status of **Council for the Indian School Certificate Examination (CISCE/ ICSE)** stands vindicated.

Yours sincerely,

Puran Chand

PUBLIC NOTICE

The Quality Mandate of the UGC emphasizes importance of promoting quality research by the faculty and creating new knowledge. Number of research articles published in reputed journals is one of the globally accepted indicators considered for various academic purposes including institutional ranking, appointment and promotions faculty and award of research degrees. Credibility of research publications is extremely important because of it presents individual, institutional and national image. High-quality publications in reputed journals help in achieving higher global ranks and overall improvement of quality of education. Publications in dubious sub-standard journals reflects adversely leading to long term academic damage and tarnishing of image. A problem of dubious /sub-standard journals has become a serious concern all over the world. The percentage of research articles published in poor quality journals is reported to be high in India, which has adversely affected its image. UGC-approved list of journals was created with an intention to help academic fraternity to bring measurable parameters, for the purpose of various academic evaluation of individuals and institutions.

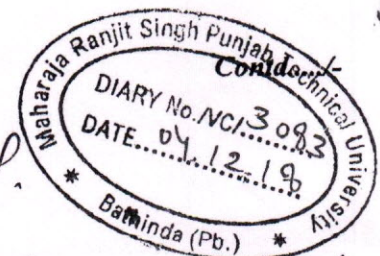

Over this background, with a view to refine and strengthen UGC approved list of journals, the whole issue was reconsidered by the Commission in its meeting held on 14th November, 2018.

The Commission has approved following approach:

- (i) Research Journals in disciplines under Science, Engineering, Technology, Agriculture and Bio Medical Sciences are well covered in globally accepted scientific database like SCOPUS and Web of Science (WOS). Therefore, journals indexed in SCOPUS and WOS may be considered for all academic purposes in these disciplines.
- (ii) For other disciplines such as the Social Sciences, Humanities, Languages, Arts, Culture, Indian knowledge systems etc., a list of credible quality journals needs to be prepared and maintained. For this purpose, a Consortium for Academic and Research Ethics (CARE) may be established.

PTD

Major points are highlighted in 'A', 'B' & 'C' for your perusal.

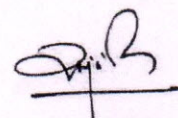

CARE is only for journals in social Sci., Humanities, Languages, art, culture, Indian Knowledge systems.

Adopted
Ruturajini Page 104

- (iii) The CARE may involve all the Statutory Councils/ Government bodies in Social Sciences, Humanities, Arts and Fine Arts, Science, Medical, Agriculture and Engineering and the Association of Indian Universities (see the list in Annexure). INFLIBNET will also be a member of the consortium as a supporting agency. CARE will be chaired by UGC Vice Chairman.
- (iv) The responsibility of analysing Journals from all disciplines and to submit recommendations to CARE should be entrusted to suitable institutions that has proven track record in the journal analysis and publication ethics. The institution that has been entrusted responsibility of analysing journals shall create special cell which shall function under the guidance of empowered committee appointed by the UGC.
- (v) Members of the CARE would prepare lists of quality journals in their respective disciplines within a defined time-frame. These lists will be critically analysed and curated for the quality of the journals by a special cell at the entrusted institution using defined criteria.
- (vi) Based on reports received from the special cell at entrusted institution a dynamic 'Reference List of Quality Journals', will be maintained by CARE (hence forth referred as "CARE Reference List of Quality Journals"). The "CARE Reference List of Quality Journals" will be used for all academic purposes.
- (vii) Journals published by government / councils/ national academies/ scholarly societies of long standing in India and abroad may be also considered for inclusion in the "CARE Reference List of Quality Journals" provided they meet the required quality criteria.
- (viii) The CARE should also create a process for submission of proposals by the academic institutions for inclusion of new journals in the "CARE Reference List of Quality Journals" in different disciplines. All such proposals will be critically analyzed using validated protocol by a special cell at the entrusted institution and if found appropriate, would be recommended to CARE for possible inclusion in the "CARE Reference List of Quality Journals".
- (ix) The existing 'UGC approved list of journals' will remain valid till "CARE Reference List of Quality Journals" is released.
- (x) The "CARE Reference List of Quality Journals" will be regularly updated and published by the UGC and the members of the Consortium at their respective websites.

Contd.../-

- (xi) A suitable Advisory will be issued to create awareness amongst the students, academia and other stakeholders about the issue of predatory/sub-standard journals and the academic fraternity should especially be advised not to be associated with predatory/sub-standard journals/ publishers in any manner.
- (xii) A suitable Advisory will also be issued to the universities/colleges and other academic institutions emphasizing the roles of valid and quality-driven criteria and of the Selection/Expert Committees in the process of academic evaluations for various purposes. Evaluation of the Research Output of candidates/institutions has to be based on quality of published work rather than merely on number of publications/impact factor/citations.

To: "Dean Academics, MRSPTU" <daa@mrsptu.ac.in>, daa mrsstu <daa.mrsstu@gmail.com>

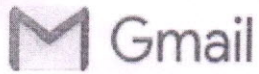

Respected Concern,

We want to bring into your kind notice that in the syllabus of BBA 6th Semester, there is an open elective II subject which we have to choose from the subject given in open elective II 2016 list of university. But all the subjects in that list are technical and will be difficult for the students, as the students do not have any technical or science background. Please suggest us the appropriate action.

Minutes of Meeting

Subject:- Regarding Open Elective III.

It is to inform you that Department of Computational Sciences is running MCA course. It is 3 Ye PG course. In scheme of MCA in VIth Sem there is one subject Open Elective III. But since all oth PG Courses are of 2 years so no department is offering Open Elective III subject. In light of same meeting of all faculty members were held with DR Academic and it was resolved that a speci permission may be granted to choose this Open Elective from the list of Open Elective I or Op Elective II of PG Course which the department has not offered in last semester.

Dean Academic Affairs may be requested that the same may be applicable to all other institutes.

Dear Mam

As per our telephonic conversation today regarding Open Elective II subject of BBA 6th semester, I request the following:

As per our conversation its very difficult to choose the subject from the university list(of Open Elective II) as it contains all technical subjects related to B.Tech, so we request you to allow us to choose one from the following subjects. it has been also ensured that these subjects are not being taught to BBA class in their three years tenure.

- "A" [
1. Operations Research
 2. Indian Economic Problems

The above subjects are there in the study scheme of B.Com as compulsory subjects and the same syllabus can be followed.

Thanks

(UPDATED ON 23.01.2019)**

UG OPEN ELECTIVES-II 2016 BATCH ONWARDS		
Internal	External	Total
40	60	100

NOTE: MORE COURSES MAY BE ADDED IN THIS LIST LATER ON

UG OPEN ELECTIVES-II 2016 BATCH ONWARDS		
COURSE CODE	COURSE	NOT APPLICABLE FOR PROGRAMMES
BFOT0-F92	Data Process Analysis	B.Tech. Food Technology
BBAD0-F94	Engineering Economics & Management	BBA
BBAD0-F95	Entrepreneurship	
BBAD0-F96	Finance for Engineers	
BEEE0-F94	Non-Conventional Energy Resources	B.Tech. EEE
BEEE0-F95	High Voltage Engineering	
BEEE0-F96	Nano Science and Nano Technology	
BEEE0-F97	Electrical Machines and Power Utilization	
BECE0-F94	Communication Systems	
BECE0-F95	Robotics and Automation	B.Tech. ECE
BECE0-F96	Electronic System Design	
BCIE0-F93	Building Maintenance	B.Tech. Civil Engineering
BCIE0-F94	Civil Engineering Materials	
BCIE0-F95	Fluid Mechanics	
BELE0-F94	Renewable Energy Sources	B.Tech. Electrical Engineering
BELE0-F95	Basics of Transformers	
BELE0-F96	Electrical Machines & Drives	
BMEE0-F93	Heat and Mass Transfer	B.Tech. Mechanical Engineering
BCSE0-F91	Computer Programming and Data Structure	B.Tech. CSE
BMAT0-F92	Mathematical Methods	B.Sc. (Hons. School) in Maths
BCOM1-311	Operation Research	B.Com. (Hons.)
BCOM1-313	Indian Economic Problems

OPERATION RESEARCH

Subject Code: BCOM1- 311

L T P C

Duration: 45 Hrs.

4 0 0 4

Course Objectives: The objectives of the Course are to acquaint the students with the applications of the Operations Research to business and industry and help them to grasp the significance of Analytical Approach to Decision Making.

UNIT-I (11 Hrs.)

Operations Research: Nature, Scope, Methodology of Operations Research and Role in Managerial Decision Making. Linear Programming: Formulation of Problem and its Solution by Graphical and Simplex Methods, Duality.

UNIT-II (11 Hrs.)

Transportation Problems: Formulation, Optimal Solution, Unbalanced Transportation Problem, Degeneracy, Assignment Problems: Formulation, Optimal Solution, Variants of Assignment Problems, Travelling Salesman Problems

UNIT-III (12 Hrs.)

Game Theory: Games with Pure and Mixed Strategies, Saddle Point, Odds Method, Principle of Dominance, Sub Games Method, Equal Gains Method and LPP- Graphic Method Sequencing Problems: Processing N Jobs through two machines, Processing in jobs through three machines.

UNIT-IV (12 Hrs.)

Inventory Models: EOQ Models, Quantity Discount Models, Purchase Inventory Models with one Price Break (Single Discount) and Multiple Discount Breaks. Network Analysis: PERT and CPM Model, Difference between PERT and CPM, Computation of Critical Path, Slack, Floats and Probability of Project Completion by a Target Date

Course Outcomes: After studying this course, the students learn the role of operations on achieving various competitive capabilities. The students also learn how to help an organization in improving productivity and meeting customer's competitive capabilities.

Environmental Technology & Safety

Subject Code: BCIE0-F91

L T P C
3 0 0 3

Duration: 36 Hrs.

Unit I

Basic Environmental Compartments: Air pollution, Water pollution, Land pollution, Hazardous materials in relation to petroleum industry, HAZOP analysis, Environmental Impact of Gas flaring, sampling methods, Environmental control and engineering – aqueous wastes, emission to the atmosphere, noise pollution.

Unit II

Fire Hazards and Control: Components of Fire, Classification of Fires and Fire Extinguishment, Fire safety equipments, Causes of Refinery Fires and Explosion Hazards, Safety in Handling and Storage, Emergency Preparation, DOW fire index.

Unit III

Waste Disposal and Treatment: Surface and subsurface disposal, treatment of water, solid material and air emissions, Oil field waste management, effluent water treatment methods, sampling methods.

Other Aspects: Occupational health hazards, Estimation of Total Petroleum Hydrocarbon (TPH) and suggested measures. Case studies of history of accidents in petroleum industry.

Unit IV

Regulatory Approaches and Safety Measures: Provisions in the oil mines regulation act in India related to management, drilling, production and transport. Protection against leakage and fire, care of machinery, plant and equipment, Safety aspects during drilling, logging, production, transportation, handling etc at onshore and offshore. Emergency Response Plan (ERP), Regulatory requirements for ERP, Determination of initial planning zone.
